44.4.1.7 To report the Deans' list for the year 2019

Deans' list for the year 2019 as approved by Senate Chair is placed at [Annexure-VIII](#) for approval of the Senate. The Senate may kindly ratify the approval given by the Senate Chair.

44.4.1.8 To report the case of two foreign nationals admitted through ICCR

Ms. Mirriam Phiri from Zambia and Ms. Tano Agnini Biba Roxane from Cote d' Ivoire were admitted to B.Tech. CSE and CSSS programs, respectively, through ICCR in the last academic year 2018-19. Based on their academic performance, they were required to repeat the first year. Since ICCR did not accept their request for extension of scholarship, they were supposed to repeat the first year as self-financed students. Both of them were given time extension to pay the fee, but they did not pay the fee to continue their registration. Consequently, their names have been struck off from the rolls of the Institute. Both of them have submitted the No Dues Certificates and vacated the hostel to return to their respective countries.

The above is reported to the Senate for information.

44.4.1.9 To report the status of Suit No. CJ/1151/2018, filed by Animesh Attri in the court of Hon'ble Shri Gaurav Gupta, Civil Judge Junior Division-x, Civil Courts, Amritsar

The next date of hearing is scheduled for November 25, 2019.

44.4.1.10 To report the status of Writ Petition No. WP(C)6807/2019, filed by Saksham Tikoo in the Hon'ble High Court of Delhi

The Hon'ble High Court of Delhi vide their order dated September 18, 2019 had directed the respondents No.1-3 (NSUT, DTU and IGDTUW) to do counseling

and report the status. Accordingly, the Counseling was held on October 1, 2019 and the admissions of KM candidates have been made as under:

NSUT	- 1
DTU	-1
IGDTUW	-1
IIITD	- 5 (1 of these students was transferred from IIITD CSB to IIITD CSD, from GNGND to GNKMO)

JAC decided to keep one seat of B.Tech. (ECE) of IIITD vacant. However, a KM candidate who was present on that date and after reconsidering came forward and expressed his willingness for this seat. JAC therefore, decided to admit him against this seat after getting the order of the Hon'ble High Court of Delhi. On the next date of hearing scheduled on October 31, 2019, the Respondents were present in the court but the Petitioner did not appear despite giving pass over on that date. After hearing the submissions of the Respondents the Hon'ble High Court of Delhi dismissed the Petition for Non-appearance and Non-prosecution. The formal order of the Hon'ble court is expected shortly. The above KM candidate will now be given admission offer letter to join B.Tech.(ECE) from Academic year 2020-21, soon after the formal order is received

The matter is reported to the Senate for information and ratification of the admissions allowed through JAC as per decision of the Hon'ble High Court of Delhi.

44.4.1.11 To report the status of Suit No. CS SCJ/116/19, filed by Nikhil Gautam in the court of Hon'ble Shri Sushil Anuj Tyagi, JSCC-cum-Addl. SCJ-cum-Guardian Judge, South East, Saket, District Court, New Delhi

The next date of hearing is scheduled for December 16,2019.

44.4.1.12 To report the status of Writ Petition No. WP(C) 9090/2019, filed by Kushal Garg in the Hon'ble High Court of Delhi

Mr. Kushal Garg, an Economically Weaker Section (EWS) candidate was allotted a seat in Round 2 of the JAC 2019 but did not have the required EWS category certificate on the date of reporting i.e. July 9, 2019. To retain his seat allotted in Round 2, he was given time till July 10, 2019, 5 PM to submit his EWS category certificate. Since he was unable to produce his EWS category certificate by the mentioned date and time, his category was converted to general category (GNGND) from EWS category (EWGND) as per procedure of the JAC 2019 on the matter, thereby resulting into cancellation of allotted seat. However, he did not get any seat under GNGND category in Round 3, result for which was declared on July 13, 2019.

He later submitted the EWS category certificate on July 15, 2019 and was made eligible to be considered for allotment under EWGND in Round 4. However, when the result for Round 4 was declared on July 18, 2019, he was not allotted any seat due to the non-availability of seats in EWGND category. He filed the writ petition praying therein for admission to B.Tech. (CSSS) program.

After hearing the submissions of the parties, the Hon’ble High Court of Delhi vide their order dated August 8, 2019 did not find merit in the case and dismissed the petition in favor of the Institute.

The above status of the case is reported for information of the Senate.

44.4.1.13 To report the status of Compliance Affidavit filed by the Institute in the matter of Courts on its own Motion in re: Suicide Committed by Sushant Rohilla, Law Student of I.P. University(W.P.(CRL) 793/2017)

Hon’ble High Court of Delhi while hearing a criminal writ petition re: Suicide Committed by Sushant Rohilla, Law Student of I.P. University (W.P.(CRL) 793/2017), on its own Motion, vide their order dated May 24, 2019 issued the following directions to other Universities functional in Delhi including IIT-Delhi for compliance:

“In view of the impending admissions for the academic session 2019-20, it would be appropriate to consider the issuance of directions to other Universities functional in Delhi *qua* the election of student representatives on the University and college Grievance Redressal Committees.”

Pursuant to the above directions of the Hon’ble High Court, the Institute has filed the status reports and compliance affidavit through the standing Advocate, Mr. Arjun Mitra. Mr. Mitra has informed that the Hon’ble Court at its last hearing held on October 11, 2019 to take note of the status reports and compliance affidavit filed by the Institute.

The next date of hearing in the matter is scheduled on November 29, 2019.

44.4.1.14 To ratify the decision taken by Chairman Senate for award of Ph.D. Degree

No.	Roll No	Name	Discipline	Advisor Name	Defense Date	Thesis Title	Degree Date
1	MT12067	Milan Jain	CSE	Dr Amarjeet Singh, Dr Vikas Chandan (External advisor)	10.10.2019	Data-Driven Thermostats - For Feedback, Comfort, and Reliability	21.12.2019

44.5 ITEMS FOR DISCUSSION AND CONSIDERATION

44.5.1 B.Tech. related matters

44.5.1.1 Branch transfer rules for B.Tech. CSAI program.

The UGC at its 33rd meeting held on September 27, 2019 vide item no. 3, discussed that as per Branch transfer rules for CSE+X stream, it is mentioned in the regulations that “To be eligible for transfer to Computer Science and Engineering (CSE), Computer Science and Applied Mathematics (CSAM) or Computer Science

and Design (CSD) program or Computer Science and Social Sciences (CSSS) program or Computer Science and Biosciences (CSB) program, a student must have received a B or better grade in Introduction to Programming (IP) and Mathematics-I”

Since CSAI is also CSE+X stream, it was recommended that the same rule can be followed for it also.

The Senate may kindly consider and approve the above recommendation of the UGC.

44.5.1.2 Fulfillment of core course requirement for a student with backlog in the System Management (SM) course.

With the recent change in the course structure where System Management and IED course has been replaced with PIS from 2019 batch onwards, a student having backlog in SM needs to be considered for recommending a course with which he/she can complete his/her SM requirement.

The UGC in its 33rd Meeting held on September 27, 2019, vide item no. 1 discussed the matter and suggested that to fulfill the requirement of SM course, the student can be allowed to do an extra CSE course in the last 4 semesters over and above the requirements defined for B.Tech CSE and CS+X programs.

The Senate may kindly consider and approve the above recommendation of the UGC.

44.5.1.3 BTP award guidelines

As per the current BTP award guidelines “This award is given to zero, one, or more (usually not more than two or three) BTPs in each discipline. The BTP award is given in three categories (Research, Engineering and Entrepreneurship Track).”, a concern arises (a) Since, now we have B.Tech. programs in CS+X disciplines, does that mean BTP awards will be given to one or more projects in each discipline.

UGC in its 33rd meeting held on September 27, 2019 discussed that earlier the reason for having one award in each discipline was that we were having CSE and ECE which were very different. Now, since we have CS+X programs which are inter-disciplinary, and a student of B.Tech. CS+X may do a BTP in CSE or in X or at the intersection of the two disciplines; an award in each discipline is not justified. The Committee suggested that we should consider giving zero, one or more (usually not more than two or three) BTP Awards in each track: Engineering, Research and Entrepreneurship.

Also, the current BTP award guidelines are not clear about the cases where in case of joint BTP one of the students is not graduating the same year as others. UGC in its 32nd Meeting held on September 11, 2019 and 33rd Meeting held on September 27, 2019 discussed the matter and suggested that if in a group of 3 students doing BTP, for example, one student is graduating in 2019 (X year) and two students are graduating in 2020 (Y year), i.e., $X < Y$. Then, the B.Tech. project for best BTP award nomination should be considered for the earliest graduating year, i.e., 2019. If this project is selected for BTP award, the two other students who will graduate

in 2020 will be considered for an Honorary Award in the Convocation year when they will be awarded the degree.

If all are graduating in the same year, say 2020 (Y year), then that project will automatically become eligible to compete in 2020 for the BTP award.

The Senate may kindly consider and approve the above recommendations of the UGC.

44.5.1.4 Addition of B.Tech CSAI coordinator to UG Committee.

As per UG Regulation the Undergraduate Committee (UGC), a standing committee of Senate, shall oversee matters related to the undergraduate program. This committee shall be appointed by the Senate and shall have a term of two years.

At the 38th meeting of the UGC held on 11th July, 2018, the UGC Chair informed the members of the current committee about the need for making changes in the existing UGC constitution. After detailed deliberations the Senate approved the below committee:

Chair, UGC

DOAA

PGC Chair

UG - CSE Coordinator

UG- ECE Coordinator

UG- CSAM Coordinator

UG - CSD Coordinator

UG- CSSS Coordinator

Students' Representative (2-3) of different disciplines

Ms. Sheetu Ahuja- Standing Special Invitee

Ms. Anshu Dureja- Secretary

With the addition of another B.Tech. program in 2019, B.Tech. CSAI, it is proposed to add UG-CSAI coordinator to the committee.

Senate may kindly consider and approve the above committee.

44.5.2 M.Tech. related matters

44.5.2.1 To consider the recommendation of the PGC for minor updates in the M.Tech.-AI program

The PGC at its 40th meeting held on August 28, 2019 vide item no.11, interalia, considered and agreed to the following recommendation of CAI for minor updates in the M.Tech.-AI program and recommended following for the approval of the Senate:

“i. Add math courses (Probability & Statistics, Linear Algebra) to the required refresher courses for new M.Tech. CS+AI students.”

The Senate may kindly consider and approve the above recommendation of the PGC.

44.5.2.2 To consider the recommendation of the PGC to allow M.Tech. students to repeat a course for grade improvement.

The PGC at its 41st meeting held on September 30, 2019 considered the matter and recommended that the PG student may be allowed to repeat courses for grade improvement on the same line as allowed for UG students.

44.5.2.3 To consider the recommendation of the PGC for allowing change of Specialization for M.Tech. CSE students

PGC in its 37th and 38th meetings held on May 7, 2019 and June 27, 2019 discussed the existing provisions in the M.Tech. Regulations for moving to a 'specialization' option from 'without specialization' option and the recommendations of CSE and ECE Department in this regard. After detailed deliberations, PGC agreed in principle for the transfer from one specialization to another specialization in the CSE Department subject to a maximum limit of 50% students to be allowed to take a transfer from one specialization. PGC also agreed to allow the transfer to other specialization after first semester only. Further, PGC in its 41st Meeting held on September 30, 2019 discussed the modalities and rules of transfer and recommended the 'transfer rules' as placed at [Annexure-IX](#).

The Senate may kindly consider and approve the above recommendation of the PGC.

44.5.3 Ph.D. related matters

44.5.3.1 To consider the recommendation of the PGC for removal of the provision for having an internal examiner for evaluation of a Ph.D. Thesis.

The PGC at its 40th meeting held on August 28, 2019 vide item No.3 considered the existing guidelines for the evaluation of Ph.D. thesis and made the following observation/recommendation:

“Current guidelines, for Ph.D. thesis evaluation, allow a provision for atmost one internal examiner for thesis evaluation. The PGC discussed about the existing practice of Ph.D. thesis evaluation across Indian & Foreign Institutes/ Universities. The PGC also noted that so far 39 PhDs have been gradated and in past we have not faced any issue in getting external examiner for thesis evaluation. On the other hand, having an internal examiner may also have some valid points such as – monitoring committee members evaluating the student may have a comprehensive understanding of the student' progress year-on-year. However, PGC does not see an urgency of having the provision of internal examiner for thesis evaluation process. Considering above, the PGC has recommended removing the provision for internal examiners from the guidelines.”

The Senate may kindly consider and approve the above recommendation of the PGC.

44.5.3.2 To consider matter regarding continuation of fellowship to Ph.D. students (on project funding) who are going for internship (and receiving partial monetary support from the host during the internship stay) with an understanding that the respective advisor has confirmed that the work the student is going to do during internship is towards the project.

As per the current PG Regulations, a PG student who is on financial assistance may be granted leave during the summer vacation period for undertaking internships, projects etc. This will be “leave without pay” and during this period, the student will not get the assistantship/scholarship. Decision on such leave requests will be made by the PG Committee, which may not grant this leave if it views that granting of the leave can hinder the completion of the PG program of the student.

The PGC in its 38th Meeting held on June 27, 2019 discussed the matter and put forward the view that the Ph.D. student is entitled for the stipend for a fixed number of months. After a brief discussion, the PGC recommended that for students who are on project/external funding, who go on internship with partial monetary support from the host organization, may be allowed to draw the fellowship during the internship duration provided the respective advisor confirms that the work the student is going to do during internship is towards the project. However, in case the student overshoots the mandated Ph.D. duration, the student will not be eligible for the stipend and the leave duration will be counted towards the Ph.D. duration.

The Senate may kindly consider the above recommendation and decide.

44.5.4 Other Matters

44.5.4.1 To consider and approve the list of Experts proposed by Head, Department of Social Sciences and Humanities for Selection of LACH faculty candidates

The Senate at its 43rd meeting held on July 17, 2019 had considered the list of Experts proposed by Head, Department of Social Sciences and Humanities for Selection of LACH faculty candidates and after detailed deliberations requested the Head, SSH to examine the proposed list of experts by looking into the existing list, circulate the list to all faculty wherein some more members may get added via suggestions, and submit a revised list for approval to the Senate.

Pursuant to the above decision of the Senate, the Head, SSH has submitted a revised list placed at [Annexure-X](#).

The Senate may kindly consider the proposed list and decide.

44.6 ANY OTHER ITEM WITH THE PERMISSION OF CHAIRPERSON

Placed as a separate annexure

ACTION TAKEN REPORT

Eligible M.Tech. students for category A:

Roll No	Program	GATE/N	Student Name	Avg. SGPA of Monsoon & Winter
MT18192	ECE-VLSI	GATE	Aditya Khandelwal	9.61

Change of Specialization in M.Tech.(CSE)

Transfer of M.Tech. students from one specialization to the other is possible only after the grades of the first semester are out. This is the only time specialization change will occur. A student must make an explicit request to be considered for specialization transfer within a week from the date of announcement of results of the first semester. In his/her request, the student can mention more than one specialisation in the order of preference. Rules for specialization transfer are:

1. GATE students will be allowed for transfer to GATE seats and Non GATE students will be allowed for transfer to Non GATE seats.
2. Students must have passed all courses registered in the first semester of the M.Tech. program.
3. Students eligible for specialization transfer will be ordered in a priority list based on SGPA and will be granted transfer in order as long as the strength of each program does not violate the following limits;
 - (i) The base strength of a program for a batch will be the number of students who were admitted and who are still enrolled in a specialization as on Dec 15 (after Sem 1) after completion of one semester. (E.g. 20 students were admitted in a batch X and there are 2 students from previous batch Y who were on semester leave. If 6 of the admitted students of batch X dropped out before Dec 15 and 3 students of batch X are on semester leave., then the base strength will be $20 - 6 = 14$). The final strength of any specialization shall not reduce by more than 50% of its base strength. Also, the final strength of any specialization shall not increase by more than 50% of its base strength.
 - Students on Semester leave are not allowed for change of specialisation under the above-mentioned rules.
 - In case of a tie in SGPA of students, students having better rank during admissions will be considered first for change of specialisation.
